「ダイヤモンドのように、豪華で高級なギフトをモヘアの本元アンカラからお届けします」

モヘアは、今日使用されている繊維の中でも最も優れたかつ歴史の古い繊維の一つであり、その魅惑的な特性により十世紀以上にわたり高級繊維として世界中に広く受け入れられています。

モヘアは「アンゴラ山羊」の毛からなる絹のようになめらかな繊維からなっており、その名は古代トルコの「アンゴラ」(今日のアンカラ)県に由来しています。アンゴラ山羊がアンカラに到来した方法と時期については様々なストーリーがありますが、トルコの「アンゴラ」県がアンゴラ山羊とモヘアの本元であり、そこで独自の特性が得られたという事実については意見の一致するところです。

モヘアは何百年にもわたり、その艶と温かさ、強靱さと耐久性により「ダイヤモンド繊維」として知られてきました。一方で、スルタンにより珍重されることとおきの品として使用されたことから、「繊維の王」として見なされてきました。

今あなたが手にされているこの素晴らしい製品は、この高級繊維の驚くべき特性と40年以上に及ぶ知識と職人芸とを兼ね合わせたものです。

この高級ギフトを製作者である私たちと同じくらい気に入っていただけることを願っております。

Mohair, as one of the greatest and oldest
fibres in use today, has been a recognised luxury
more than ten centuries due to its unique character.

Mohair is a silky fibre made from the hair of "Angora"
which derives its name from the ancient Turkish province
"Angora" (today's Ankara) where it originally comes from.

Mohair has been known for centuries, as "the diamond
fibre" for its lustre, warmth, strength, and durability. It has
also been regarded as "the Sultan of fibres" since it used to be
the prized reserve of Sultans.

Mohair has a very important place in Ankara's economic
and social history with Europe. It has long been considered a
lavish fibre in European countries and sold there mostly
between the 16th-18th centuries. The "Ankara Sofu", in
particular, which is woven from pure mohair yarn, was popular
among the trade centres of Europe.

This fabulous product, you are holding in your hands
today is especially produced for the European Union
Delegation to Turkey. It is an example of the long standing
commercial and cultural ties between Europe and Turkey.
